

## The Bless of This Day

- 1) We've waited so long  
For this day to come  
We thought this one Eve  
Will take away our forlorn  
We were wrong
- 2) And there's no magic  
In dreams we're never giving in  
When you are there and  
I am here  
The Silent Night is so cold
- 3) If I were a tiny snowflake  
Your warmth would melt  
My heartache away  
That's my wish  
Feel the bless of this day
- 4) Couldn't find the wasted time  
But love reminds us always tonight  
To save ourselves  
Feel the bless of this  
Holy day
- 5) The tree is glistening  
I see your smile in it  
Maybe I'll find a way  
To keep that mistletoe  
I hope it's not in vain
- 6) It's snowing all around  
Freezing, dark and unkind  
I'm ready to face it  
Cause it's you I want to  
Finally find
- 7) If I were a tiny snowflake  
Your warmth would melt  
My heartache away  
That's my wish  
Feel the bless of this day
- 8) Couldn't find the wasted time  
But love reminds us always tonight  
To save ourselves  
Feel the bless of this day
- 9) My life is yours and yours is mine  
Tonight the hopelessness have died  
Come to me  
Feel the bless of this day  
With me
